Response Programs

PUBLIC SERVICE COMMISSION **NYSERDA**
George E. Pataki, Governor

NEW YORK STATE PUBLIC SERVICE COMMISSION

NEW YORK STATE ENERGY RESEARCH AND DEVELOPMENT AUTHORITY

NEW YORK INDEPENDENT SYSTEM OPERATOR

Who should attend?

Facility and property managers and owners looking to reduce energy costs. If your company can drop significant load or provide emergency/on-site generation, you can get paid to participate in the NYISO's demand response programs. Interested in learning about New York Energy \$martSM Programs and energy services offered by utilities and energy service providers? Attend and find out more.

Sign-In and Registration 8:30 AM
(Coffee/Bagels)

**Introduction of Consultants/
Overview of Workshop** 9:00 AM
PSC Staff and NYSERDA

Session 1
Electricity Issues Facing New York 9:15 AM

New York has taken steps to ensure safe and reliable supplies of electricity throughout the State. Large commercial and industrial customers are encouraged to participate in programs that can favorably impact the availability and price of electricity.

Session 2
**Reduce Energy Use
and Get Paid** 9:45 AM
NYISO, NYSERDA and NYSDEC

Learn about New York programs that will pay large commercial and industrial customers to curtail load during supply shortages or when wholesale prices reach a predetermined price. Generators or co-gens can find out more about NYSDEC emission standards. This session is for new and current program participants.

Break

Coffee 10:30 AM

Network with Consultants

Session 3

**"Success Stories" by Demand
Response Program Participants** 11:00 AM
NYSERDA

Help your bottom line on energy costs. Be a success story by participating in New York State demand response programs. Find out about the application process for demand response program participation.

Session 4

New York Energy \$mart ProgramsSM 11:45 AM

NYSERDA Programs

Funds generated through the System Benefits Charge (SBC) on utility bills may be available to your business to finance, purchase and install energy-efficient improvements that save money and reduce energy consumption. Find out more about NYSERDA's Programs:

- **Technical Assistance and Loan Fund Programs**
- **Commercial/Industrial Performance Program**
- **New Construction Program**
- **Smart Equipment Choices Program**

Session 5

**Questions and Answers
All Workshop Topics** 12:15 PM
Network with Consultants

**Program Close
and Evaluation** 12:30 PM

Session Participants

The New York State Public Service Commission (PSC) regulates the State's electric, gas, steam, telecommunications and water utilities. The PSC's Business Advocates can provide you with additional assistance and information regarding load-curtailement and energy-efficiency programs, and assistance related to economic development, dispute resolution, and competitive energy and telecommunications markets. Call toll-free 1-877-661-9223.

www.AskPSC.com

New York State Energy Research and Development Authority (NYSERDA) is a public benefit corporation that provides energy-related technical and financial packaging assistance to businesses, residents, and institutions. For more information call toll-free 1-866-NYSERDA.

www.nyserda.org

New York Independent System Operator (NYISO) is a not-for-profit corporation established to oversee and manage New York's competitive electricity market and maintain equity among competitors and reliability of the State's power supply.

www.nyiso.com/services/

New York State Department of Environmental Conservation (DEC) exists to conserve, improve, and protect natural resources and the environment, and control water, land and air pollution, in order to enhance the health, safety and welfare of the people of the state and their overall economic and social well being.
